Storage & Handling

Store flat, otherwise no specific handling or storage requirements.

Cleaning & Maintenance

PVC panelling should only be cleaned using hard surface cleaner or any other non-abrasive cleaner. Any cleaner or detergent which contains bleach should not be used.

Acetone, halogenated carbon hydrates, esters, ketones, ethers and alcohols should not be used.

Recommended Fitting Materials

We recommend MB DIY Panel Adhesive Pro or Paracol Montage adhesive for fixing these PCV panels to your walls.
